NEW is defined as never been titled.

FIXED RATES are rates that stay the same throughout the term of the loan. Your APR will be based on your credit qualifications, length of loan, and loan amount. Other exclusions and/or restrictions may apply.

TIERED RATES are rates that are solely determined by a credit score supplied to the Credit Union by an independent Credit Reporting Bureau and is outside the control of the Credit Union.

VARIABLE RATES are rates that may change four times a year, (Jan. 1, Apr. 1, Jul. 1, Oct. 1) for some consumer loans. In most cases, if they do change, payments remain the same, only the term of the loan shortens or lengthens. HELOC rates may change monthly on the first day of each month.
